June 27 – August 5

Have fun learning with us from June 27 – August 5, 2011

| Have fun learning with us from June 27 – August 5, 2011 | Day/time | Age/Level | Cost |
|--|--|---------------------|------------|
| BABY UNIVERSITY Developmental milestones are tracked and supported in this wonderful class, nicknamed "Baby University". With a two to one ratio, these little ones are immersed in a language rich environment. Tumbling Tutor and Music Together are icing on the cake. | M-F 9-12 | 9-30 months | \$900 |
| AVALON PRESCHOOL Avalon provides a language rich environment and developmentally appropriate instruction that facilitates emergent social, motor and language skills. We utilize the fundamentals of speech and language and cognitive development to guide young learners to their strengths and guide them through their weakest areas. | M-F 9-12 | 2½ – 6 years | \$1500 |
| ABC CAMP ABC Camp is a school readiness program for children entering Kindergarten or first grade. Children who require extra practice or who may be at risk for reading disorders will be exposed to phonological awareness and emergent reading, writing and math skills. ABC Camp provides a creative yet structured environment to increase skill areas. | M-F 12-3 | 4-6 years | \$1500 |
| READING BETWEEN THE LINES Reading Between the Lines provides the extra practice needed to improve reading fluency and comprehension through interactive, game-based activities. Children will improve reading rate, accuracy and comprehension skills during this fun filled camp. | M-F 9-12 | 6-9 years | \$1500 |
| EDUCATIONAL THERAPY Educational Therapy is individualized instruction that utilizes information from the client's social, emotional, and educational history to remediate learning difficulties. Educational Therapists at Central Coast Language and Learning Center are trained to facilitate learning cognitive, language, academic and behavioral skills and strategies. | M-F | All Ages | \$85/hour |
| SPEECH THERAPY Speech Therapy targets receptive and expressive language skills including vocabulary, listening comprehension, following directions, pragmatics, oral and written expression. Speech Therapists at Central Coast Language and Learning Center provide individuals and their families with strategies and solutions for resolving communication difficulties. | M-F | All Ages | \$115/hour |
| OCCUPATIONAL THERAPY Occupational Therapy focuses on refinement of sensory integration, development of fine and gross motor skills, self-regulation, and age appropriate self care skills. | M-F | All Ages | \$115/hour |
| COGNITIVE SKILLS TRAINING Cognitive Skills Training is based on current brain research, which shows that through repetitive drills and activities cognitive processing can be strengthened and enhanced regardless of age or learning challenges. Improve auditory processing, processing speed, working memory, visual processing, and executive functioning. | *2 hours M-Th for 14 days is recommended | 7 years to Adult | \$150/hour |
| TESTEDGE Students with high test anxiety score on average 15 points lower on standardized tests – for many that's the difference between a passing and a failing grade. TestEdge helps students experience less dread about taking tests and increases focus and comprehension skills for high-stakes tests. | M-F | All Ages | \$150/hour |
| INDEPENDENT STUDY Individualized instruction is offered to guide a student through a course for credit. | M-F | High School | \$85/hour |

CCLLC Summer 2011 Registration Form Due by June 10, 2011.
